

openCRX Workshop – GUI Customizing 13/14-August-2009 in Zurich (Switzerland)

Benefits and Key Takeaways:

Spend **2 days with the openCRX core team** at the headquarters of CRIXP Corp. and **adapt the openCRX GUI to your organization's requirements**. The workshop is very **hands-on** and our experts will teach you how to

- install openCRX Server and openCRX SDK on your laptop
- read and understand the openCRX UML Model
- create and manage an openCRX custom project suitable for customizing
- adapt the openCRX GUI to your organization's CI (Corporate Identity)
- deal with multi-language requirements
- add and customize custom fields (strings, numbers, dates, code drop downs, etc.)
- create custom screens for efficient data entry and data maintenance

This workshop covers all the Basic Customizing Options which include the following techniques: CSS, UI XML Files, DataBindings, Code Table XML Files, Groovy Controls, JSP Wizards, Layout JSPs.

Prerequisites:

We don't impose any prerequisites. However, it is still recommended that you are familiar with the following concepts/tools if you want to connect with the material taught in the workshop:

- **CSS** – participants should be comfortable with the concepts of cascading style sheets
- **Javascript/Java** – this workshop is neither a Javascript course nor a Java course (i.e. we expect participants to be familiar with these programming languages and their concepts)
- **UML** – it is a good idea to look at the published UML diagrams (<http://www.opencrx.org/>) a few times before you attend this workshop
- **openCRX** – it goes without saying that a certain affinity for openCRX is helpful

Fees & Registration:

The fee for this workshop is EUR 1,990 (plus 7.6% Swiss VAT), payable at registration.

Save 25% if you register 2 or more participants from the same company at the same time.

All proceeds are used to further the development of openCRX!

If you want to register for this workshop or if you have any questions regarding this workshop please drop us a line at workshop@crixp.com.
